Re: Support for the US Ignite Smart Gigabit Community San Diego “Partner for Innovation” Proposal Submitted by SCALESD

To Whom It May Concern:

MISSION:

To accelerate
clean technology
innovation and
adoption of sustainable
business practices
for the benefit of
the economy and
the environment

On behalf of Cleantech San Diego, please accept this letter of support for the US Ignite Smart Gigabit Community San Diego “Partner for Innovation” proposal prepared by Smart Cities Accelerator, Labs & Environment San Diego (SCALESD).

Cleantech San Diego believes that SCALESD is uniquely positioned to advance the smart city goals of the City of San Diego as they relate to the City’s participation in US Ignite’s Smart Gigabit Community Program. Through their work, SCALESD provides funding and acceleration to companies developing technology for urban innovation. Since their inception, they have established relationships with the City of San Diego, local universities, and corporations. They have a track record of organizing and executing quality events focused on smarty city applications, which are attended by application developers, private sector companies, and interested citizens.

Should SCALESD win this RFP, Cleantech San Diego will support and/or collaborate with the SCALESD team as appropriate.

We look forward to seeing this project’s full implementation and the benefits that it will provide to the residents and businesses of San Diego and beyond. Should you have any questions regarding this letter of support, please contact do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Jason Anderson", is written over a thin vertical line.

Jason Anderson
