Re: American Cities Climate Challenge

Dear Bloomberg Philanthropies:

On behalf of Cleantech San Diego, please accept this letter of support for the City of San Diego's application to the American Cities Climate Challenge.

MISSION:
To accelerate
clean technology
innovation and
adoption of sustainable
business practices
for the benefit of
the economy and
the environment

Cleantech San Diego is a nonprofit member organization that positions the greater San Diego region as a global leader in the cleantech economy. We achieve this by fostering collaborations across the private-public-academic landscape, leading advocacy efforts to promote cleantech priorities, and encouraging investment in the San Diego region. Our members include more than 100 local businesses, universities, governments, and nonprofits committed to advancing sustainable solutions for the benefit of the economy and the environment.

The City of San Diego has been a leader in our region and throughout the country by taking action that addresses the causes and impacts of climate change, while fostering the growth of a cleantech economy.

The City of San Diego has been an invaluable partner to Cleantech San Diego and our members and has championed causes that provide a more resilient and prosperous future for residents and businesses. We look forward to continued work with the City of San Diego and welcome the opportunity to leverage these efforts and take them even further with Bloomberg Philanthropies.

Should you have any questions regarding this letter of support, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Jason Anderson".

Jason Anderson
